

Better Moms Make A Better World

### What about childcare?

MOPPETS is a fun and loving childcare program designed to provide a safe place with dependable caregivers for your child. MOPPETS is more than just 'childcare' - it's a teaching program with playtime, Bible stories, singing, crafts, games, and snacks. Your children will enjoy MOPPETS, so you can enjoy MOPS!

### Security

1. Your child's teacher will give you an identification tag each time you bring your child. Do not lose this tag because it will be needed when you return for your child.
2. The child will only be released to an adult who has the matching identification tag.
3. When returning for your child, knock gently and wait outside the door for a teacher to bring him/her to you. Please do not enter the classroom.
4. At the door, give the teacher your matching tag. Parents who lose their tag will be asked to present their driver's license for identification.
5. We run a background check on all our volunteers.

You will receive a MOPPETS Policies brochure upon registration.

## What is MOPS?

MOPS groups are local communities that help moms be better moms by understanding their unique needs, challenges, and joys—in this vital season of early mothering. MOPS creates authentic communities where moms gather to experience encouragement, support, and hope.

Although mothering preschoolers is at times a lonely challenge, MOPS is providing a welcome break for moms; a chance for moms to make new friends and an opportunity for moms to know they are not alone in the struggles and joys of raising young children.

MOPS meetings provide opportunities for discussion, teaching, creative activities, and MOPPETS—where your children are cared for in a preschool-like setting. In addition, play dates and Mom's Night Out Events are planned each month.

## This year's theme is .....

## MomSense:

### **Bold \* Loving \* Sensible—**

equips moms to embrace their mothering instincts and develop their own parenting style while navigating through the myriad of daily mom decisions.

Most women wonder:

- How do I decide what to do when I really don't know what to do?
- Should I trust my intuition?
- With so much available information, how do I discern what's best?
- What are the most important family values?

Developing a mothering strategy is somewhat like playing a game—and this year's theme is appropriately game related. Have fun being a mom! Playing games involves being bold and taking risks, loving those in the game with us and being sensible when figuring out what works and what doesn't.
